

2009

Dear Shareholder,

Shareholder you say? I guess so. After all once you buy a \$10 share, apart from a local charity or a junior athlete I like to support, all the "Huge" funds are re-invested in your company to give you access to many Freebees not available at other events.

Not only that, local businesses appreciate immensely your support of this company year after year to the extent we have about \$6000 worth of rewards to give away.

So the more you support this company the more they support you people.

So I sincerely ask you to please keep this list of sponsors close to your phone so that if you or friends visit this area again, I beg of you to use one of our sponsors and tell them Reggie sent you.
